

Dawson Co-op's Friendly Guide to Sponsorships and Donations

We love giving back to our community! Dawson Co-op is all about supporting local projects, events, and groups that help make our community a better place. Here's how our sponsorship and donation process works:

Why We Give:

We believe in making a positive difference where we live. Our sponsorships and donations aim to support initiatives that bring people together, promote well-being, and create lasting positive change.

What We Look For:

- **Community Impact:** Projects that benefit our local area.
- **Shared Values:** Must align with our core values—integrity, community, accountability, respect, and excellence.
- **Long-Term Impact:** We value lasting relationships with groups we support.
- **Measurable Outcomes:** We like to see clear benefits from our support.
- **Accessibility:** Events and projects should be open to all.

Who Can Apply?

- Registered charities, non-profits, and school groups located within our service area.

What We Can't Fund:

- Day-to-day operations like salaries.
- Religious or political campaigns (though community-focused programs may be considered).

How to Apply:

1. **Submit Online:** Use our [Do Some Good](#) platform to apply.
2. **Plan Ahead:** Apply at least 2 weeks before you need funding.
3. **We'll Review:** Our Communications & Marketing Manager will review your application and let you know the outcome.
4. **Follow Up:** If approved, we'll ask for a brief report on how the support made a difference.

Thank you for helping us create a stronger, kinder community! Apply today and let's make a difference together!
